Junior Classes To Have Confraternity Elections

Brother Reginald, Senior Confraternity Moderator, announced that the election of Senior Confraternity officers would be held soon. Several new ideas have been included in the plans for next year's Confraternity.

The election will be run in the following manner: (1) Brother Reginald will advise the entire Junior Class as to the requirements of the various positions. (2) The boys will nominate their candidates, each requiring one proposal and two seconds by the members of the class. (3) Brother Reginald will then list the candidates for the various offices and check to see that they are each duly qualified for their respective offices. Any nominee who does not fulfill the requirements for his position will be asked to withdraw. (4) The final election will be held on separate days according to the amount of time necessary to devote sufficient attention to each.

Next year in addition to the usual four officers of the confraternity two additional officers from each classroom will be chosen to insure complete unity among the classes. Their will be an attempt to have more religious and more social events sponsored through the Confraternity.

This year's senior officers are Kirk Mattle, Pres.; Van Aucoin, Secretary; and Mitch Decuir, Treasurer.

Seniors Become Alumni

On Sunday, May 25, the Class of 1958 will be formally inducted into the Alumni Association. As in former years, the induction will take place at dinner to be served the class in the faculty dining hall at 12:30.

Bishop Brunini Presides At Senior Commencement

Fifty-three seniors will receive their graduation diplomas on the night of Friday, May 30, at eight o'clock in Our Lady of the Gulf Catholic Church.

His Excellency, The Most Reverend Joseph Brunini, Auxiliary Bishop of the Natchez-Jackson Diocese, will preside; he will be assisted by Monsignor Michael J. McCarthy, pastor of Our Lady of the Gulf Church; Brother Roland, president of Saint Stanislaus and Brother Linus, principal.

The honor student of the class is Kenneth Potts with an average for four years of 98.65%. Second place honors go to Norman Wheeler, who attained a four year average of 96.75%.

Because of the limited space in the church, and the large graduating class, all seats will be reserved and admission will be by reserved ticket only.

As in previous years the awards to be given are Character Cups to the boarder and day scholar of highest character, a scholastic award to the boy maintaining the highest scholastic record, and the American Legion Award to an outstanding student.

The commencement exercises will end with Benediction of the Blessed Sacrament.

Brother Anthon Is Africa-Bound

Brother Anthon has received word that he is to return to the African missions on July 10.

He will sail from New York on the "Independence, " and hopes to arrive in Naples on July 19. After a four-day sojourn in Rome he travels to Brindisi, which is on the heel of the boot of Italy. From here he boards the "M. V. Africa" to voyage to Mombassa, Africa. The last leg of his journey will be by train from Mombassa to Nyeri, Kenya, where he will teach.

In Nyeri, his teaching environment will be much the same as it is here. The subjects which Brother will teach are similar to those he teaches now, English Literature, English grammar and religious knowledge. The school is a senior secondary school for boarders only.

Among the other Brothers with whom he will teach are Brother Jogues, who taught here for the first half of this year; and Brother Cury, a graduate of SSC.

The entire minstrel company of the class of '58 joins in the grand finale as they wow the audience with a medley of old southern favorites.

Bros. Roland & William Travel To Meet Parents

On Tuesday, May 6, Brother Roland and Brother William began their journey to Latin-America.

The purpose of their trip was to visit alumni, former students, and parents of '58 students. It is the policy of St. Stanislaus to visit the families of students when it is possible, if these parents live at such a distance that they cannot visit the school.

Brothers Roland and William left New Orleans by Taca Airlines for Mexico, Central America.

The Brothers were expected to be gone two to three weeks. During these weeks, they planned to visit banana and coffee plantations, and with luck the ruins of the ancient Mayan civilization, two miles from Mexico City.

This is the first opportunity Brother Roland has had to meet the parents of many of the Latin-American students, although in the past years he has visited parents in Oklahoma, west Louisiana, and Texas.

Entre Los Latinos

SENIOR STUDY HALL
por Mario Perez

Los que este proximo 30 de mayo recibiremos nuestros diplomas de graduacion talvez esperamos la llegada de las vacaciones con mas afan que los demas, quizas por la "idea" de que pronto nuestros dias de high school quedaran atras. Pero—y esto no son babosadas—todos y cada uno de nosotros desearemos de vez en cuando regresar a aquellos dias alegres en el internado: incluyendo la falta la camaraderia, las bromas, y las risas de las amistades que aqui hicimos.

En seguida tenemos los nombres de los latinos que se graduan ahora y a la vez incluimos sus planes para el futuro:

Patricio Zambrano, de Monterrey, Mexico, tomara Administracion de Negocios en M.I.T. (Monterre, Institute of Technology).

Oscar Odriozola, tambien regiomontano, estudiara para Contador Publico Titulado en el Technologico de Monterrey.

Eduardo Kawas, de La Ceiba, Honduras, se especializara en Administracion de Negocios en Louisiana State University.

Abelardo Caceres, de Puerto Armuelles, Panama, piensa ingresar Mississippi Southern College a estudiar agricultura, y a la vez quebrar un par de records en track.

Jorge Gonzalez, de Santa Marta, Colombia, seguira sus estudios en la Universidad de Tennessee, donde tomara Arquitectura.

Mauricio Asfora, de Recife, Brazil, sequira los pasos del padre, especializandose en Ingeniero Arquitecto en L.S.U.

Romulo Sanz, de Santiago de Cuba, sin poder alejarse mas de la patria, estudiara Ciencias Comerciales en la Universidad de Villa Nueva, en la Habana.

Hugo Godoy, de la ciudad de Guatemala, piensa seguir a la "Einstein" en L.S.U. Se especializara en Ingenieria Electrica.

Ricardo Ortiz, de Retalhuleu, Guatemala, seguira la tradicion de su familia, estudiando Veterinaria en Southeastern Louisiana University.

Guillermo Aguirre, de la ciudad de Guatemala, no se ha decidido si unirse a su padre en la agricultura o si dedicarse al pincel y brocha.

Mario Perez de Bananera, Guatemala, continuara sus estudios en Texas A & M, en donde piensa tomar Ingenieria Civil.

Con las letras de la popular cancion "Adios, muchachos, companeros de la vida", se despide de todos ustedes su mas atento y seguro servidor. Tratemos de que las amistades que aqui hicimos ayuden a una union mas estrecha entre los paises latinoamericanos, y asi todos, con los brazos abiertos, y una sonrisa en los labios, gritemos en coro "Que Viva Latino America!"

Rock Nine Drains Tide; Season Record Is 3-7

St. Stanislaus' Rockachaws baseball nine ended their season on the right foot by clobbering the Picayune Maroon Tide by a score of 20-7, on Wednesday, May 7.

The Rocks finished with a rather poor season mark, with 3 wins and 7 losses. Nevertheless, there was a marked improvement in the team as a whole, especially in the batting department.

In a game with the Notre Dame Rebels on May 6, the Rocks outplayed the Rebels in everything except in reaching home plate. On several occasions the SSC sluggers reached third base without being able to score. There was also an encounter with the Moss Point Tigers in which the lack of that clutch hit prevented the Rocks from obtaining the victory.

An extra-inning thriller was produced from a game with the Pass Hi Pirates, in which the opponents came from behind to tie the Rocks in the seventh inning. It was not until the 11th stanza, when Quinten Couevas cleared the left field fence at the 290-footmarker, that the game was settled.

Quinten Couevas and Herman Jacobi shared the pitching task. Throughout the season, Brent Seward was first saeker; other achievements were those of pintsized E. J. Babin, who covered second base.

Ramiro Gereda was, together with Babin, the pivot man on the doubleplay, while covering shortstop. The hot corner was shared by Herman Jacobi and Quinten Couevas. Roaming the outfield were Donald Buendia, Jack Mashburn and Obed Lagarde. They were backed up by substitutes Jimmy Broussard, Oscar Herrera, and Ronnie Artigues.

Considering the youth and inexperience of the team, the Rocks had a fairly good season, and Coach "Happy" Mahfouz can look forward to a well balanced squad next year.

All-Sportmen Banquet

The annual Sideline Club Athletic Banquet was held Wednesday, May 14 at the St. Stanislaus dining hall at eight o'clock. Guest Speaker Eddie Price, All-American pro football player, paid a great tribute to Stanislaus for its contribution to athletics and congratulated the athletes who received awards.

Those who distinguished themselves in the field of sports this season were:

BASEBALL

The coaches voted **Quinten Couevas** as the Most Valuable in baseball.

Coach Ruiz then introduced all the lettermen for the past season. **J. E. Loiacano** was the only Rock-a-chaw to have been awarded a letter in all four sports this season.

Thanks, Y'all For Smiling

Now that the school year is coming to a close the students of Stanislaus would like to take the opportunity to thank the ladies who have helped to put an extra spark into their day. These ladies are those smiling females who serve the meals to the boarders in the school cafeteria. They always have a smile or a clever joke ready for the boys.

These ladies are affectionately known to the student body as Milly, Katy, Hilda and Virginia. Every now and then one can hear them humming a gay tune or "singing" a popular song.

In point of service Mrs. Virginia Jacobi is the newest at SSC. She states that she will be more than happy to return to SSC next year and for many years to come. Even though she has been here only a short time she has fallen into the trend which has been very helpful in keeping up the students' spirits.

Miss Mildred Arnold has been at SSC for four years. She, like the others, is largely responsible for the good naturedness of the boys. She is always prepared to greet the boys with a big smile which seems to brighten up their day.

Mrs. Kathryn Demoran has been here twice, once from 1950 to 1954, and again from 1956 to now. The hope is that she will remain at SSC for many years to come. She usually has a clever joke to tell the boys who go to her side for seconds.

The lady who dispenses milk and does other jobs is Mrs. Hilda Fayard. She has been at SSC for the longest term of the four, namely six years. She too will be happy to return to Stanislaus next year, and the boys will doubtlessly be as glad to see her return.

These are the four ladies who, in serving our meals daily, have made the year a memorable one.

ALUMNI NOTES

In your charity, please remember the soul of Mrs. C. A. Sporl, Sr., mother of Cyprian, Class 1923.

Congratulations to Phil Jacobs, Class 1931, on being elected vice-president of the Louisiana Insurance Association. The election took place at recent convention held in Biloxi.

Herbert Cassidy, '26, is moving to Pass Christian Isles from Baton Rouge. The understanding is that Herbert's heart has been giving some trouble for some time. A well ordered rest is the prescription.

Sam Ballard, '31, is branching out as a representative of the manufacturer's side of off-set printing machines. He already has a model set up for his own work at THE ECHO.

Many of the Alumni will be represented here for the Camp period by their sons. They, too, want to be a part of the "School of Character."

The World Around Us

By Dudley M. Stewart

"Teenage Drivers"

Drifting over the country today is a wave of resentment toward the "teenage driver." It is spearheaded by statistics showing that the teenage driver has a higher accident rate than any other driver group in America. These statistics are misleading for they show only the results, not the causes, of these accidents. If one examines only the results of an accident, he will naturally arrive at the wrong conclusion. The cause is not "teenage" as the opponents of teenage driving would have you believe. Age has little if anything to do with it. The cause is the second word of the phrase, "driver." If today's teenagers are not really good drivers it is because they receive incomplete driving instruction and because of inadequate safety measures. The teenager today usually received instructions in the operation of an automobile, and then the barest, most elementary rules of safe driving. Thus he must learn the correct methods of driving through experience. Some teenagers survive the experience, others do not, as statistics on traffic fatalities will show.

The Louisiana Association of Insurance Agents, Inc. give five steps for generally improving driving conditions. These steps are:

1. Stronger state safety laws with more funds for better enforcement.
2. Stronger city traffic laws and stricter enforcement.
3. Better and more extensive vehicle inspection laws and stricter enforcement of these laws.
4. Stricter driver licensing laws backed by universal driver education.
5. Uniform reporting of accident statistics.

What needs amending in our state legislatures is not the minimum driving age but the inadequate laws governing driving. These laws are the "highway murderers," not the teenagers.
